May 2022

Associate of Science
Kent State University, *Kent OH*

Skills

Experience

Portfolio Website

Personal

- Built from scratch using HTML, CSS, and JavaScript. JS libraries DayJS and ScrollMagic were implemented, along with CSS animations.
- Sleek minimalistic design enhanced by hover effects, page transitions, and custom svg vector images.

Bookstore Database

School Project

- Created with MariaDB, PHP, HTML and CSS. Demonstrates relational database skills.
- Features include a search functionality, shopping cart, checkout, and staff login. SQL usage includes queries, insertions, deletions, views, procedures, and injection.

C/C++ Programming

School Project

- Re-writing unix commands using C and low-level programming. Learned system calls, drivers, file systems, and command line arguments.
- Implementing programming patterns, dynamic memory, and STL containers in C++ to create various programs

Work

Scooper/Cashier

Handel's Ice Cream

- Developed professionalism, good communication skills, customer service and time management.

Server Host

Self-Employed

- Run a public Minecraft server on CentOS using PaperMC and Waterfall. Profit is in the form of selling virtual items.
